# Your recycling: Where it goes

## MATERIAL

## WHERE IS IT SENT?

## WHAT IS IT MADE IN TO?

**Aluminium Cans**

Material re-processor,  
North of England

Cans, Aircraft parts &  
Car parts

**Steel Cans**

Metal Merchants  
on Island export

All sorts of products in  
the steel industry

**Plastic-mixed  
bottles**

Material re-processor,  
North of England

Drainage pipes, kitchen bins,  
more bottles

**Glass**

Merchant on  
Island

Crushed into sand and used in  
road surfacing on Island

**Newspapers &  
Magazines**

Paper mill,  
North Wales

More newspaper

**Brown Cardboard**

Material re-processor,  
North of England

More brown cardboard

## What about the Energy from Waste Plant (EFW)?

None of your kerbside collected recyclables go to the EFW.

The EFW burns waste which you place in your household wheelie bin. The electricity generated makes a contribution to the Islands power generation. However, recyclable materials such as glass and cans have no calorific value and it is therefore recommended that they are recycled.

## PLEASE REMEMBER...

Your recycling should be placed in your boxes as loose items or segregated bags. Please refer to [recylenow.im](http://recylenow.im) for recyclable materials current disposal routes. Place your kerbside boxes out by 6am on your collection day.

Need any help? Call 852808
